**Bestpass has enjoyed a great relationship with Landstar offering their BCOs toll service for more than ten years.**

Toll is a necessary part of doing business in trucking. Bestpass simplifies toll management with one account, one device, and one place to pay for all your toll. We offer the coverage that you need, whether local, regional or national, and the appropriate device to get you where you need to be.

In your Bestpass account, you'll be able to pay every tolling authority automatically, see your toll activity in near real-time, and most importantly, avoid all those pesky paper bills.

### The Benefits of Having a Toll Management Provider:

 A transponder that provides nationwide coverage

 One balance to pay all your tolls

 Near real-time reporting that tells you when and where you spend toll
