

Green APU Discount Program

Landstar BCOs

Green APU is partnering with Landstar BCOs to offer a **\$1,000 MSRP** incentive on our 5th Generation Star APU system, designed to deliver dependable cab comfort, lower operating costs, and long-term value.

Discount Program Details

- Green APU shall provide a **\$1,000 discount off MSRP** per unit to any Landstar-affiliated BCO who purchases and installs a Green APU.
- The Landstar discount is valid only for full installations performed at an authorized Green APU dealer location.
- No discounts will be honored outside of Green APU's official authorized dealer network.
- As an additional incentive, each Landstar-affiliated BCO who purchases and installs a Green APU will receive **one complimentary preventive maintenance (PM) service**, redeemable at Green APU's Lemont, Illinois, or Ashland, Kentucky facilities.

Why Choose Green APU?

Green APU delivers the highest standard of dependable comfort and electrical power without relying on the truck's main engine. Built with purpose-driven engineering and intelligent controls, it performs consistently where other systems fall short. For truckers who demand proven reliability and long-term value, Green APU delivers confidence you can trust.

- **Lowest Cost of Ownership:** Green APU saves you money from day one by reducing fuel use, lowering maintenance costs, and using affordable off the shelf parts so you keep more of what you earn.
- **Simple, Bulletproof Design:** Built for real world trucking, Green APU has a lightweight, streamlined design with fewer parts, easier service access, and reliable performance mile after mile.
- **Non Proprietary Components:** Green APU uses industry standard, non proprietary parts available nationwide so you are not locked into expensive, brand restricted repairs.
- **Unparalleled Support:** Every Green APU includes free 24/7 lifetime technical support from experts who know the system inside and out, helping you minimize downtime and stay on the road.
